

CONFERENCE ON INDUSTRIAL TRANSFORMATION

Green Production, Global Markets: India's Opportunity in the New Industrial Order

Shabal Goel, VP at Avalon Consulting, participated in the Conference on Industrial Transformation organised by the Confederation of Indian Industry (CII) on 22 May 2025 in New Delhi.

The conference explored how India can leverage **clean manufacturing, industry ecosystems, responsible sourcing, and low-carbon supply chains** to navigate global uncertainties while positioning itself as a competitive hub for future-ready, sustainable production.

The sessions also deliberated on how **MSMEs can start leveraging these changes** and incorporate better production techniques.

CONFERENCE ON INDUSTRIAL TRANSFORMATION

Green Production, Global Markets: India's Opportunity in the New Industrial Order

Ayush Patodia (*Associate Vice President, Avalon Consulting*) presented **India's Energy Independence Roadmap**, focusing on the opportunities and implementation challenges across renewable energy (solar, wind, nuclear), biofuels, CBG, green hydrogen, coal gasification, and industrial decarbonization.

He highlighted India's growing energy demand and import dependence, while emphasizing the need to **strengthen domestic manufacturing ecosystems, infrastructure, financing, and policy execution** to achieve long-term energy self-reliance and net-zero ambitions.
